## **New College – Suspension Policy**

### **Suspension of studies (voluntary)**

Voluntary suspension of studies is a request from a student to suspend on medical or personal grounds. The procedure is outlined below.

### **Suspension of studies (non-voluntary)**

Compulsory suspension of studies may be imposed by the college on students with poor behaviour, whether academic or otherwise. It is often a result of a Disciplinary Sub-Committee Hearing. More information on Disciplinary Sub-Committees can be found in the Academic and General Discipline Procedures, available here:
